"I have experienced SPK Search as a CEO candidate and as a hiring CEO client at LUXEXCEL which had a successful exit to META. In both cases, with incredible satisfaction. The SPK team has demonstrated an outstanding approach interacting with clients and candidates, as well as a superior ability in listening to client needs to truly understand what the company requires to move forward. A real partner."

Fabio Esposito, CEO.
Leia Inc.

"Over the past many years, I've had the pleasure of successfully collaborating with Mark at SPK on various C-level assignments. What sets SPK and the team apart is their ability to combine effective turnaround times with a deep understanding of a company's needs - including the all-important human factor."
